

## PERFECT PUPPY BASICS PROGRAM

### 2-hour Private Session At Unleash K9 Training: \$100

#### Overview:

Perfect Puppy Basics is open to puppies 9-16 weeks of age. The program teaches each puppy parent the importance of *their* role in the puppy's development. Participating in Puppy Basics helps prepare puppy for success in future formal obedience training programs.

First thing first, we talk about your puppy! We will discuss puppy's potty and crate training routine and make recommendations to help maximize success. Unleash will also demonstrate useful puppy techniques, such as a proper handling position to prepare puppy for future vet and grooming visits and how to address play biting and chewing.

Next, we build puppy's confidence and socialization skills. Unleash introduces puppy to a variety of items and stimulations they will likely encounter in everyday life. Puppy learns to say 'hi', overcome apprehension, show natural curiosity, and then move on to the next interesting new experience!

All the information reviewed during Perfect Puppy Basics is summarized in a handy Puppy Packet you can reference in the future. The packet also features other information about educational topics that will be helpful throughout puppy's lifetime!

#### Health & Vaccination Requirements:

Puppy must be in good health and free of external (i.e. fleas and ticks) and internal (i.e. worms) parasites. Puppies are required to have completed an exam with a licensed Veterinarian after being brought into the home and prior to their initial puppy consultation. Puppies must have received their first round of vaccinations at least seven (7) days prior to the consultation. This round must include a Distemper combination (ex: DHPP, DA2P, DA2PP or DAPLP). Valid vaccination records from a licensed Veterinarian must be presented prior to your puppy consultation. Vaccinations not confirmed by a licensed Veterinarian will not be accepted.
